SUPPLIERS

HELIX is an industry group of Pharmaceutical, Biotechnology, Healthcare, and Medical Companies, which is managed in partnership with DA4S.

Our purpose is to guide the leadership, equality, and advancement of an inclusive supply chain, with Life Sciences-specific practices that are validated through research and insights.

The future of our industry evolves by the governance and benchmarks we enact today.

Forum Members are Dedicated to:

- ◇ Providing strategic thought leadership, programming, and Life Sciences-specific practices to lead industry.
- ◇ Engage procurement with communications, resources, tools, and suppliers to build an inclusive and equal supply chain.
- ◇ Advance supplier inclusion by identifying and solidifying contract opportunities with business line stakeholders.
- ◇ Partner with relevant business organizations and chambers through support and engagement.
- ◇ Prepare small and qualified suppliers to do business within our industry by sponsoring readiness programs and mentorship opportunities.
