

A BUSINESS READINESS PROGRAM

The Alliance For Science (DA4S) provides a platform to identify, attract, and develop businesses to drive inclusive procurement practices in corporate, academic, and governmental entities within the Life Science and healthcare industries.

ABOUT

The Elevate! Program is designed to accelerate Businesses to sustainable economic health, by connecting them to corporate decision makers for potential contract opportunities, which in turn creates economic empowerment boosting long term growth and benefits for all parties.

PROGRAM OBJECTIVES

- 📌 Leverage the DA4S platform to promote Members in the Life Sciences ecosystem
- 📌 Support stakeholders in achieving corporate responsibility, ethical business practices, and procurement goals
- 📌 Elevate participating Members in terms of performance
